

California Wine at Skylon – 1- 30 June 2015

California may be best known for its big, bold Cabernet Sauvignons, oaky Chardonnays and Pinot Noirs but has so much more to offer than just the big 'Hollywood' superstars.

Head Sommelier Marco Marcuzzo has carefully curated a host of lighter, more unexpected California wines; the ideal pairing for Skylon's fresh, seasonal summer menus. We hope you enjoy the selection. For further information on California Wine 'Art of The State' visit danddwine.com/california
